## Product Overview

The Adept anti-spam service is a commercial service that is up to 98% effective at stopping spam and virus emails. The anti-spam server scans all emails for spam, before being sent on to the destination email server. Clients can manage Adept anti-spam with an easy-to-use web front end.

The client is required to have registered their own domain. They can either have virtual mail linked to their domain, or their mail is hosted on their own email server.

## Features and Benefits

- Spam gets blocked before being sent to the destination mail server
- All mail gets checked before being sent
- Easy access to blacklists and white lists
- Custom anti-spam rules/measures
- Block spam according to countries
- No more spam in your mailbox
- No mailboxes that exceed quota or get cluttered with unwanted information
- Control and block unwanted email domains

## Company Profile

Adept Internet was launched in January 1996 in Stellenbosch, and is today one of the oldest independent Internet Service Providers (ISPs) in South Africa. To be Adept is to be proficient and expertly accomplished. This is what we strive for and have achieved in all our services.

We cater for a vast variety of service needs. Our client base is broad and diverse, with customers based across the country. To them, we offer superlative services and products that we ourselves have complete confidence in, at all levels of information technology.

Many of our solutions are tailor-made, in order to perfectly suit each client's individual requirements. We thus ensure that our approach is personal and conforms to exactly what is needed in order to be successful.
