Vaadin Charts

- The "Total data usage" screen is displayed; click and drag to highlight a section on the lower graph to show the data usage for a specific 2-year period

- You can also select the data for a single month by clicking on that month's bar in the upper graph; by clicking on the bar again, the data for each hour of the selected day can also be viewed

- Finally, you can also click on "Login session" to view detailed information on each session for a date you specify
